# Advanced & Digital Manufacturing Technologies

## ABOUT MACHINE TOOL SECTOR

Spain is the European Union's third most important producer and exporter of machine tools, and is ranked ninth in the world. This position has been achieved thanks to the commitment of manufacturers of machine tools, accessories, parts and tools to technological innovation, internationalisation and personal development.

For example, by exporting an average of over 80% of the industry's production to international markets and investing approximately 5% of turnover in Research, Development and Innovation.

## ABOUT AFM CLUSTER

AFM Cluster is the organization that represents advanced and digital manufacturing industry in Spain. It comprises seven industrial associations and groups more than 800 companies with 20.000 employees. The six related and synergetic sectors which AFM Cluster serves are the following: Machine tools and advanced manufacturing technologies (AFM and AIMHE), Additive manufacturing and 3D printing (ADDIMAT), Hand tools, hardware, and industrial supply (ESKUIN), Machining and metalworking (AFMEC), Smart Technologies for the Manufacturing Industry (STECH) and Startups for advanced and digital manufacturing (UPTEK). AFM Cluster also groups more than 100 partners who offer services for the manufacturing industry.
